## REPORT FOR 1921.

---

---

*To the Court of Governors.*

---

MY LORDS, LADIES AND GENTLEMEN,

So far as concerns the internal administration of the Hospital, the past year presents no special features, its work has been carried on steadily on normal lines.

At the beginning of the year there were 339 patients in the Hospital, and 5,493 were admitted during the year, making a total of 5,832, of whom 341 were still under treatment at the end of the year; the number of new patients shows the increase of 55 over that of 1920. The average number of beds occupied daily was 337.58, as compared with 333.48 during 1920, giving the high percentage of 93.50; this, when all the factors are taken into consideration, is very satisfactory.

The average length of treatment was 22.44 days, practically identical with that of the preceding year.

The total of new patients recorded in the Out-patients' Department was 40,199, the total attendances being 166,245, of which 36,503 were in the Electrical Department.

It was realised last year that 1921 would be a year of very great financial difficulty, since our Income, by comparison with a year which included over £13,000 from our Special Appeal, £10,000 from the King's Fund Emergency Grant, and some £16,000 from Legacies, would be certain to show a decrease, whilst, by improving the hours of work and the rates of pay of our nursing staff, by the higher costs of certain clinics, and a full return to pre-war dietary, we recognised that though general costs were falling, our own would not do so in proportion.

To make matters worse we were hit by the coal strike on one side of the account, and by exceptionally low receipts from legacies on the other. The latter showed a falling off of £7,500

The Scheme, put into operation in December, 1920, for Contributions by patients towards their maintenance, has been a success. It realised for the Hospital £10,362 8s. 0d.

It had an immediate temporary effect which had been foreseen, upon the All Help League, reducing its receipts by over £2,100. This really was inevitable: for the patient who has just contributed towards the cost of maintenance according to his or her means, cannot be expected, within many months, to subscribe or give donations.

Nevertheless, Mrs. Richard Davis, by the personal appeals which she has made, has an income of £1,241 10s. 5d. to bring into the accounts, nearly £250 more than had been estimated.

The unflagging zeal of such voluntary work calls for admiration as for gratitude. We are convinced that we shall see an expansion in this revenue before long, as patients already give evidence of their desire to preserve, for themselves as for others, the institution and system by which they have themselves benefited. And as economic conditions improve, so their readiness to join the League will be translated into effective support.

Another receipt which helped us to meet the loss of the special item of income of 1920 was the increased grants from the King Edward's Hospital Fund for London, Hospital Saturday Fund, and Metropolitan Hospital Sunday Fund, amounting to £3,360. And from the Voluntary Hospitals Commission, through the King Edward's Hospital Fund, we received £3,000 Emergency Grant.

It will be remembered that, though in 1920 Income met running expenses, we were some £16,000 to the bad, through carrying the deficit on the Cancer Charity accounts, and settling 1919 accounts. This loss is carried forward, and though for 1921 the loss on running costs was £23,000, there still remains our heavy indebtedness to be added to this loss when we reckon our cash deficit.

Before leaving this question it is well to remind ourselves of the untiring work of the Finance Committee, both in reducing costs when efficiency will not suffer, and in increasing income. Amongst its other efforts has been a reorganisation of all our endowment investments, taking advantage of the unusual monetary position, to increase our income by some £1,200 a year. The full effect of this will not be apparent until 1922.

It still holds to monthly contracts, finding considerable saving by following closely the markets; and its minute scrutiny of expenditure allows us to feel that the utmost economy consistent with the maintenance of our efficiency is observed.

A new departure as regards Hospital policy, the extension of a scheme of our own to embrace our neighbours, the Special Hospitals in the Borough of St. Marylebone, is the founding of the Marylebone Hospitals' group for the purpose of arousing a local patriotism as regards Hospitals in the Boroughs.

In this matter we may congratulate ourselves upon having anticipated one of the suggestions of the Cave Committee on the Voluntary Hospitals' question. After insisting upon the necessity of retaining the Voluntary System, and recommending a Government grant to tide the Hospitals over the worst moments of post-war finance, the Committee advocated the adoption, among other revenue-raising schemes, of mass-collection work in the areas directly served by the Hospitals.

Now we had already in existence an organisation formed in 1920 appealing to local interest which added greatly during 1921 to our subscription list, and was building an assured income on the goodwill and intelligent interest of the employees and employers of the locality. By a policy of co-operation with the Special Hospitals of the Marylebone area we hope so to extend the organisation and so increase local interest and support as to assure ourselves and our partners of a very considerable and permanent income from the locality in the course of a year or two.

Endowments were increased during the year by £15,153 19 0, of which £10,478 8 0 was provided by legacies. This is an increase on 1920 of £2,854 19 0.

The increase in income from Endowments has already been remarked. A special receipt, from the "David Hughes" Hospital Trust, is now doubled, the period during which it was directed that half the income should be invested having come to an end.

We expect an increase in income and a slight decrease in Expenditure for next year, but we carry forward a tremendous weight of indebtedness, and are still adding to it, although not so heavily as in the past.

In December the Hospital was honoured by a private visit of Her Majesty the Queen, who spent a considerable time in going through some of the Wards in the Hospital and Cancer Charity, inspecting the Chapel, with the new window, in memory of her brother, Prince Francis of Teck, and watching the ordinary processes of work in the Cancer Research and Bland-Sutton Institute Laboratories. Her Majesty showed great interest in all she saw, and afterwards graciously expressed full satisfaction with her visit.

We have to mourn the loss of the Right Honourable Sir Algernon West, a most valuable and active member of the Board.

We regret to record the death of Viscount Sandhurst, one of our Vice-Presidents, who was for some time Chairman of the Board of Governors.

We have to record with regret the death of Mr. E. W. Robinson, one of our Honorary Auditors.

By the sudden death of Mr. William Pickett, the Chief Engineer, the Hospital has lost one of its most valuable officers, who had for thirty years loyally and zealously served its interests in a most important capacity.

We congratulate the Hospital on the gracious assent of Her Royal Highness, Princess Alice, Countess of Athlone, to accept the position of Vice-President of the Hospital, and the Dowager Countess of Derby has also been appointed a Vice-President; this is the first occasion when ladies have been appointed to this position.

Owing to other pressing calls upon her time, the Honourable Mrs. Hanbury-Tracy had to resign her seat on the Board.

We welcome as new members of the Board, Lady Maureen Stanley, Major the Honourable J. J. Astor, Sir Reginald Brade, K.C.B., and Mr. Ronald O. Hambro.

Alderman A. C. Rickatson has been succeeded as Mayor of the Borough by Mr. E. Sanger, who as ex-officio member of the Board preserves the continuity of the close connection between the Borough and the Hospital.

Mr. Oswald Lewis has become an Honorary Auditor, in succession to the late Mr. E. W. Robinson.

The long and successful connection of Prince Francis of Teck with the administration of the Hospital has been fittingly commemorated by the erection of a beautiful Memorial Window in the Chapel.

We express our great gratitude to those kind friends of the Hospital who have permanently benefited its resources by their generous endowments of beds: the Ancient Order of Druids have completed the endowment of their "Italia" Bed, which was dedicated with full ritual ceremony in April; the late T. B. Lightfoot, Esq., has endowed a bed in Queen Ward; to the great liberality of George Burton Esq., we are indebted for the endowment of four cots in Princess May Ward.

The continuing endowment of the "Glenster Hat Factory" Bed by means of regular periodic contributions by the Staff is peculiarly gratifying, for it exemplifies what can be done by arousing the sympathetic interest of the workers in the neighbourhood of the Hospital. The fine amount

of £717 16s. 0d. has been received up to date. A Dedication Service in connection with this Bed was held in the Chapel, at which the Bishop of Willesden officiated.

Our special thanks are due to Mrs. Edmund Davis who successfully organised a Bazaar at her home in the autumn on behalf of the Hospital, with the gratifying result that over £300 was realised for the benefit of its funds.

Reference was made in last year's Report to the value to Research of the exhibits and lectures at the Efficiency Exhibition at Olympia, and here we wish to record our further thanks to the Associated Newspapers, Ltd., for their very generous help both to the cause of Research and to the funds of the Hospital by their liberal disposition of part of the proceeds of the Exhibition, which were divided between the General Fund of the Hospital, and the Cancer Research Fund, each receiving £605 18s. 8d.

Thanks to the generosity of the late T. B. Lightfoot, Esq., the Middlesex Hospital Press has been able to start an Endowment Fund of £2,000 to help towards its most laudable objects.

The following contributions are especially notable and worthy of our particular gratitude:—

Our sincere thanks are once again most freely given to the Ladies' Work Society for their unselfish and successful efforts, which resulted in a liberal and increased supply of garments for the use of our patients. The activities of this Society under the Presidency of the Dowager Countess of Derby, and the energising control of Lady Rew are in the right hands.

The Middlesex Hospital Ladies' Association has been formed under promising auspices on a wide basis, its objects being to promote the welfare of the Hospital generally in ways that do not come under the immediate purview of the Administration. A well attended meeting was held in the Board Room to inaugurate its career, and the Dowager Countess Brassey is taking a most zealous part in its activities. We feel confident that under its able organisers and controllers this Association will deserve well of the Hospital.

We congratulate the Hospital on still retaining the voluntary and valuable services of a most faithful band of workers who afford appreciable help in seeing to the transport of patients between the Wards and the Operating Theatres. We take this opportunity of expressing to them our sincere gratitude.

We regret that owing to a breakdown in his health, due to the after-effects of war strain, the Reverend W. E. Cargill had to resign the Office of Chaplain: he has been succeeded by the Reverend E. S. Merriman, M. A., Cantab.

We record with regret that Mr. K. D. Young has owing to ill health resigned the Office of Architect, which he held for so long a period. The vacancy has been filled by the appointment of Mr. A. W. Hall. Mr. Young has been appointed Consulting Architect to the Hospital.

Dr. J. H. Douglas Webster has been elected as Physician-in-Charge of the Department of Physical Medicine.

As far as funds and space permit this Department is undergoing considerable improvements and additions which will as far as possible bring its equipment up to date. For the provision of this very desirable advancement we have largely to thank the great generosity of Mr. William Hartmann, who contributed the munificent sum of £2,000 for this purpose. His generous donation of £5,000 is also being utilised for the erection and equipment of the temporary building which will constitute a special section of the Out-Patient Department, and house the new deep therapy X-ray apparatus. Apparatus of this new type, which produces X-rays of a penetrating quality impossible till within the last few years, is being extensively used in England and abroad in the radiation treatment of internal cancer and other diseases, and valuable results are hoped from its use in this Hospital. The Medical and Nursing Staffs of the Department have also been adequately strengthened.

The Court of Governors has sanctioned an addition to the Laws providing for the appointment on the Honorary Staff of an Assistant Aural Surgeon.

Under another new Law the Director of the Bland-Sutton Institute becomes *ex-officio* a member of the Medical Committee.

Considerable improvements have been made in the Prudhoe Operating Theatre, thus modernising its arrangements.

The question of providing suitable Isolation Wards has been taken in hand, and the two De Morgan Wards are being converted into four Isolation rooms, with all necessary safeguards.

We can not leave this section of our Report dealing with the Medical and Surgical side of our work without recording our intense appreciation of the valuable services voluntarily rendered to the Hospital by all the members of its Honorary Staff.

We regretfully record the sudden death of Sister Howell, the Sister-in-Charge of the Operating Theatres; she died practically at her post after serving the Hospital for thirty years.

The following appointments have been made on the Nursing Staff:—

Miss Pepler	...	...	...	Sister-in-Charge of the "Princess Alice" Home.
Miss Bedingfield	...	...	...	Home Sister.
Miss W. E. Hughes	...	...	...	As Sister of "Prince Francis" Ward.
Miss Morrison	...	...	...	As Sister of "Cambridge and Hertford" Ward.
Miss Handford	...	...	...	As Sister of "Princess Alice" Ward.
Miss E. C. Cadman	...	...	...	As Sister-in-Charge of the Department of Physical Medicine in place of Sister Clarke who resigned after thirty-five years of strenuous service in the Hospital.

The Fardon Memorial Medals were awarded:—

Gold	...	...	...	...	Nurse Phyllis Cragg.
Silver	...	...	...	...	Nurse Sylvia Pitt.
Bronze	...	...	...	...	{ Nurse Margaret Hunt.
					{ Nurse Dorothy Poutiatine.

The new Prize for Theatre Nursing generously presented by an anonymous donor, was divided between Nurse Mackenzie and Nurse Poutiatine.

We sincerely thank Mrs. Robinson for her very kind gift to provide for furnishing the new Sick Room for Nurses, which has been opened this year.

A pleasing innovation has been started for the recreation of the Nursing Staff: an Annual Dance has been instituted, and the first of the series was celebrated with marked success at the Portman Rooms in February.

The Convalescent Home at Clacton-on-Sea has been utilised for the benefit of a larger number of patients than last year, the total admitted having been 1,075 as compared with 893, and the average daily bed occupancy showing an increase of nearly 10.

An Agreement has been made with the Prudential Approved Societies whereby their members are entitled to the use of the Home up to a fixed limit; so no doubt during the current year the benefits of the Home will be more largely enjoyed.

The Scheme for alterations in providing water and lighting power has been postponed to next year.

While the average cost per patient a week has been reduced from £2 7s. 9½d. (1920) to £2 2s. 1d., there is still the formidable deficit of £5,864 17s. 2d., to be made up from the General fund of the Hospital. It is hoped that the new arrangement for receiving non-hospital patients will reduce this charge upon the Fund.

We report with pleasure the following appointments:—

Dr. W. B. Tuck, to the University of London Chair of Chemistry.  
tenable at the Medical School.

Mr. E. C. Dodds, Lecturer in Biochemistry.

Mr. R. H. Parry, Assistant to the Professor of Experimental Pathology,

Mr. P. Lazarus-Barlow, Pathological Registrar.

Mr. A. N. Kingsbury, Assistant, Bland-Sutton Institute, (Bacteriological Department.)

We wish to draw special attention to the value and importance of providing for the permanent endowment of the Professorial Chairs which are attached to our Medical School in the University of London. Six Chairs have been established, but only two have been endowed. We aim at attaining the best results, and these can only be assured by securing the definite means to allow of our always being able to attract men of the highest capacity to carry on the invaluable work of training future generations of medical students for the benefit of the community in general. Here indeed is there a notable opportunity for any individual or body desirous of advancing medical service and associating his or their name with this great movement.

We have pleasure in announcing the following generous gifts:—

S. G. Asher, Esq., D.L., J.P. £100, in memory of Asher Asher, D.D.,  
for the endowment of a Prize to be known as the “Asher Asher  
Memorial Prize,” to be presented to the Freer Lucas Scholar  
for the purchase of Medical Books or Instruments.

Mrs. Leopold Sutro. £105 in memory of her mother, Mrs. Charles  
Davis, for the endowment of a Prize for General Surgery.

Mrs. Bernard Strauss. £105 in memory of her mother, Mrs. Charles Davis, for the endowment of a Prize in General Medicine.

J. Q. Rowett, Esq. £250 for Dental Research.

An anonymous gift for the endowment of a Prize in Anatomy.

It is with much gratification that we announce the gift from Lady Bland-Sutton of a bust in marble of Sir John Bland-Sutton, which has been placed in the Museum of the Bland-Sutton Institute. The bust was executed by Sir George Frampton, R.A., who is to be warmly congratulated on producing such a speaking likeness to the greatest of Middlesex men, and for creating such a striking work of Art. This was inspected with much interest by Her Majesty the Queen on the occasion of her visit to the Hospital and Medical School.

It is with the deepest regret that we have to announce the death of Dr. A. M. Kellas, late Lecturer in Chemistry at the Medical School. He died in Tibet on June 21st, while accompanying the Mount Everest Expedition. By his death we have lost one who was the greatest authority on the effect of high altitudes on the human system, and we are proud to number him among the distinguished men of the Middlesex Hospital.

We have to report that Emeritus Lectures have been delivered during the months of January and February last by Sir James Kingston Fowler, and Sir John Bland-Sutton. Needless to say, both these distinguished men lectured to large and interested audiences, and it is a source of great satisfaction to us all to know that these prominent Middlesex men continue closely to associate themselves with our Medical School.

The plans and drawings for the Middlesex Hospital War Memorial have been approved. The sum of £1,580 has been subscribed towards this Fund, and it has been decided that the Memorial shall take the following form :—

1. Two stained glass windows in the Chapel.
2. The panelling in oak of the Students' Common Room.
3. A portrait in oils of the late Captain J. Fox Russell, V.C., M.C., to hang in the Common Room.
4. Memorial Plaques with the names of the fallen suitably inscribed.

We regret to announce that Mr. G. Vaughan Morgan has on account of ill-health resigned the Chairmanship of the Council of the Medical School. Mr. S. G. Asher has been appointed Chairman in his stead, and we are fortunate in having such a worthy successor to fill the vacancy.

And last, but not least, the need for a Pavilion for the Joint Sports Ground at North Wembley has been keenly felt for some considerable time, and it is a source of great satisfaction for us to announce that we have at last been able to arrange for the erection of a Pavilion which will provide the necessary conveniences and comforts so urgently needed by the students after strenuous exercises on the playing fields.

In conclusion we would impress upon you that in spite of our present serious indebtedness we are far from preaching a policy of despair.

We still hold strongly the opinion that the Voluntary System worked on the right lines will successfully emerge from its pressing difficulties.

The contributions by patients towards maintenance, the widening interest which can be aroused not only among employees and employers in the neighbourhood but also among all classes by bringing before them the true uses of a large General Hospital—Research, Preventive Medicine and Surgery, Medical Education and Training of Nurses, in addition to all its curative work—with the resultant increase of fixed support, and a reduction in expenditure, are all factors towards which we hopefully look forward to improve our financial position.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient Servant,

ATHLONE,

*Chairman.*

## ALMONER'S REPORT FOR 1921.

---

GENTLEMEN,

The work in the Almoner's Department still continues to increase, and in the early part of the year a further addition of one was made to the Staff.

### Instruments.

403 Surgical, Dental and Optical Appliances have been supplied to In-Patients at a cost of £634 17s. 11d., towards which £103 9s. 7d. has been given from the Dresden Assistance Fund.

396 Surgical, Dental and Optical Appliances have been supplied to Out-Patients at a cost of £612 16s. 8d., towards which £31 16s. 9d. has been given from the Samaritan Fund, and £15 4s. 0d. from the Cancer Fund.

Patients and their friends have contributed towards the cost; grants have been obtained from the Hospital Sunday Fund, Hospital Saturday Fund, and other charitable agencies.

### Convalescent and Sanatorium Treatment.

804 adult patients (both In and Out-Patients) and 162 children have been sent to our Convalescent Home at Clacton-on-Sea; 62 adult patients and 69 children have been sent to various Convalescent, or other, Homes and 87 to the Schiff Home of Recovery, Cobham; 65 adult patients and 14 children have been sent to Sanatoria through the Ministry of Health, and County Councils; 4 men to Kelling, Holt, 2 women to Creaton, and 1 child to Holt, beds given by the King Edward's Hospital Fund.

The amount spent on Convalescence other than at our Home, from the Dresden Assistance Fund was £200, and from the Samaritan Fund £45 15s. 2d.

Grants have been given to patients towards the cost of railway fares, cab fares or ambulances, to Convalescent Homes or to their own homes, from the Dresden Assistance Fund to the extent of £286 19s. 9d., from the Samaritan Fund to the extent of £19 0s. 3d., and £4 4s. 0d. has been given from the Cancer Fund to Out-Patients attending the Hospital.

## Relief.

A comparatively small sum has been spent in making grants from the Dresden Assistance Fund to patients after leaving the Hospital, £85 1s. 9d. having been spent in this way. A fair proportion of this amount has been used in providing necessary clothing for patients going to Convalescent Homes.

Small grants amounting to £9 0s. 9d. have been given to Out-Patients from the Samaritan Fund, and £169 6s. 0d. has been given in weekly grants, from the George Balfour Black Fund, to patients suffering from Cancer. £10 15s. 10d. has been spent on Invalid dinners granted to necessitous Extern Maternity cases.

We would again express our thanks to the various branches of the Charity Organisation Society, Relief Committees and to the local Clergy for their help; to the Queen Victoria and other Nursing Associations for their assistance in attending patients in their homes; and to the Invalid Children's Aid Association for their continued help given to the children attending our Out-Patient Department.

H. M. PRICE,

Lady Almoner.

## INFANT WELFARE REPORT FOR 1921.

---

The year 1921 has been one of steady progress. New cases number 304. The average weekly attendance, 73. Number of home visits, 1,625.

There are now three afternoons a week for the attendance of mothers. On Wednesday the Gymnasium is used for that purpose.

There have been 10 deaths during the year—6 of broncho-pneumonia ; 2 of accidents, and 2 of gastro enteritis. In spite of the intensely hot summer of 1921 infantile diarrhoea never assumed serious proportions amongst the babies of our district. This must to some extent be attributed to the work of the Welfare Centre, where many incipient cases were successfully dealt with. Sick babies are transferred to Dr. Bennett's Out-Patients until they are well, and are then returned to the Welfare Department.

The Thursday afternoon sewing class was closed during the summer months. It was begun again in October, but attendances have been smaller than in the previous year. This class appears to be appreciated more by the expectant mothers, as mothers bringing their babies find it difficult to take an interest in their work, a suitable room not having been found for the accommodation of the infants during that afternoon.

There is also a class for expectant mothers on Tuesday afternoons to which women are invited from the Maternity Out-Patient Department.

One cannot emphasise too much the importance of the work of this Department, which is entirely preventive. "In the science of medicine we are coming to recognise that the first duty of the physician is not to cure disease but to prevent it."

If only up to five years of age we can secure for our children healthy bodies, and inculcate good habits, it surely means a stronger and healthier manhood, with less work and expense to the State and our over-taxed Hospitals.

E. F. NEVILLE,

Health Visitor.

## REPORT FOR 1921.

---

---

*To the Court of Governors.*

---

MY LORDS, LADIES AND GENTLEMEN,

The year started with 87 patients in the Charity, and during the 12 months 505 patients were admitted, 76 remaining in the Wards at the end of this period.

The number of patients admitted during the year 1920 was 302.

The average daily bed occupancy was 85·74, compared with 87·05 during the preceding year.

It was noted in the last Report that beds in two of the Wards had been set apart for operable cases and radium treatment of cancer. This change has had a marked effect both upon the number of patients admitted, as shown above, and also on the average length of stay of each patient, for whereas in 1920 the number of days 105·14, this has dropped now to 60·65.

This change is reflected in the accounts, the items under "Surgery and Dispensary" alone showing an increase of £762; and while the weekly cost of each In-Patient has risen from £3 16s. 1d. to £4 7s. 7d., the average total cost of each In-Patient has dropped from £57 2s. 10d. to £37 18s. 9½d.

In the Out-Patient Department 234 new patients were treated, and the number of attendances was 789, the corresponding figures for the previous year were 188 and 832 respectively.

The average total cost per Out-Patient has risen from 4s. 11·98d. to 5s. 8·21d.

The Income and Expenditure Account shows an increase over last year on both sides—income at £18,607 19s. 7d. being £2,022 17s. 6d. higher, and expenditure at £21,460 2s. 7d., £2,733 0s. 2d. higher; the deficit this year is therefore £2,852 3s. 0d., compared with £2,142 0s. 4d. or £710 2s. 8d. greater.

Annual subscriptions at £1,190 13s. 3d. are £219 7s. 0d. higher, and the grants from the three Central Funds give an increase of £616. A practically new source of income appears, Contributions by In-Patients towards maintenance amounting to £1,382 17s. 3d., and by Out-Patients to £30 1s. 0d.

One item of increased expenditure is noted above and another large increase is due to the higher salaries and wages of the nursing and service staffs in the Charity, namely: £1,240 15s. 8d.

The George Balfour Black Fund has been most useful in helping necessitous patients, for its income has allowed of £190 15s. 6d. being distributed for this purpose.

We are particularly grateful to Frederick Faulkner, Esq., for regular and liberal supplies of tobacco to the patients in the male wards.

The following are the most notable contributions deserving our especial gratitude:—

The Cancer Charity being in direct connection with the General Hospital, with its special and other Laboratories occupies an unique position. The benefits it confers on suffering humanity both in the Wards open to patients for direct treatment and in those devoted to the peaceful tending of patients beyond the healer's present art, are of such peculiar value that they should appeal to a wide and generous circle of contributors. It is noted above that the year's deficit amounted to £2,852 3s. 0d., and it has become a matter of urgency to raise the income of the Charity by regular subscriptions and endowment of beds to meet the expenditure which cannot be further diminished without affecting its efficiency and services to its inmates.

We earnestly trust that the knowledge of its good work may be so spread during the coming year that the desired result may be attained.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient Servant,

ATHLONE,

*Chairman.*

The Board Room,

Middlesex Hospital,

15th March, 1922.

## GOVERNORS.

### THEIR QUALIFICATIONS, RIGHTS, AND PRIVILEGES.

---

1. Annual Subscribers of *Three Guineas or upwards*, to the Cancer Charity, or to the Cancer and General Research Fund, are entitled to be Governors so long as their Subscriptions are paid.

2. Donors of *Thirty Guineas or upwards*, at one time, are made Life Governors, and at once entitled to all the privileges of Governors. The Endowment of Beds (see p. 49) qualifies the donor as a Life Governor.

3. Honorary Governors are appointed, and the propriety of making such appointments is first considered by the Board, and then submitted for the consideration and approval of a Court of Governors.

4. Honorary Governors have, from the day of their appointment, the same rights and privileges in all respects as Life Governors. In cases of Bequests of *Two Hundred Pounds and under Five Hundred Pounds*, one of the Executors under the will is eligible for appointment as an Honorary Governor.

5. All Governors have the right of attending the Courts of Governors, but Governors who are in arrear with their subscriptions are not entitled to speak or vote at any such Court or to serve on any Board or Committee appointed in accordance with the Laws of the Hospital, and Governors who are new Annual Subscribers or Donors are not entitled to speak or vote at any such Court or to serve on any such Board or Committee unless their subscriptions or donations have been paid at least three calendar months previously, and Governors being Salaried Officers or holding similar offices, or being Students or Servants of the Hospital, are not entitled to speak or vote at any such Court, or to serve on any such Committee, and are not entitled to speak, vote, or serve at or on any such Court, Board, or Committee for one year after they have ceased to be such Salaried Officers, to hold such similar Offices, or to be such Students or Servants, unless specially authorised so to do by the Board.

6. No Governor is entitled to speak or vote at any Court, Board, or Committee on any question or matter wherein he or she is personally interested.

7. Every Governor has the right of visiting the Wards and other departments of the Cancer Charity in the presence of any one of the Physicians or Surgeons of the Hospital, the Resident Medical Officer or his substitute, the Chaplain, the Lady Superintendent, one of the Visiting Governors, or the Secretary-Superintendent.

## ADMISSION OF PATIENTS.

Patients are required to contribute in accordance with their means towards the cost of their maintenance. The amount of a Patient's contribution is agreed upon after enquiries made, either before or after admission to the Hospital, from the Patient or from the Patient's relatives or friends; but no distinction is made between those who can and those who cannot afford to contribute.

No letters of recommendation are required for the Out-Patient Department. Patients are required to contribute 6d. at each attendance, but are excused from payment if their circumstances warrant it. Further contributions are invited from those attending the Special Departments.

1. Out-Patients afflicted with cancer can be specially attended and relieved with advice and medicine on Wednesdays at 1.30 p.m. (Nassau Street entrance).

2. No letters of recommendation are required. Patients are required to contribute 6d. at each attendance. Further contributions are invited from those attending Special Departments.

3. Persons who are afflicted with cancer or cancerous disease *in such an advanced stage as to be deemed incurable* are admitted as In-Patients, and may remain "UNTIL RELIEVED BY ART OR RELEASED BY DEATH," unless it be found necessary to discharge them for insubordination or mental derangement.

4. Patients to be admitted into these wards should be decently clothed, have a change of raiment, and find security (if required) for a future supply, and for their removal if it be found necessary to discharge them.

5. In all cases patients are admitted for a fortnight's observation to enable a complete diagnosis to be made previous to being permanently placed upon the establishment.

6. No pauper can be received from any Parochial Institution without the special permission of the Board of Management.

7. No patient afflicted with cancer and usually resident in the country can be admitted, unless previous application be made to know whether there be room.

8. The name of any applicant declining to come into the Cancer Wards on receiving an intimation of a vacancy will be removed from the application register, and no application for re-entry will be entertained until after the expiration of three months.

9. Patients who have been once admitted and discharged are ineligible for re-admission except on special application to, and sanction by, the Board of Management.
